Neeleshwar Hermitage

KERALA, INDIA

Experience the essence of barefoot luxury at Neeleshwar Hermitage, a serene retreat where boutique elegance meets Vedic wellness. Here, tranquillity flows effortlessly, inviting guests to unwind, restore and reconnect.

Nestled amid lush gardens of hibiscus and frangipani, the light-filled, palm-thatched cottages effortlessly blend traditional Kerala architecture with contemporary elegance.

Each features a luxurious indoor-outdoor bathroom stocked with natural products, while a preloaded iPod fills the space with soothing sounds, setting a serene ambiance. Secluded verandahs capture the sea breeze, offering uninterrupted views of the pristine golden coastline.

Those seeking relaxation can wander along the endless shoreline, restore their balance at the open-air yoga pavilion and watch dolphins dance in the waves as they unwind by the infinity pool.

Gastronomes can savour the freshest seafood, sourced daily from local fishermen or indulge in home-style delicacies infused with fragrant spices from Kerala's Malabar Hills. As the sun sinks

into the horizon, dine barefoot at the beachside restaurant, where every meal is a true feast for the senses.

The retreat's Ayurvedic Priya Spa offers bespoke wellness journeys, with personalised treatments that harness the healing power of nature, from herbal oils to age-old massage techniques for pure relaxation and rejuvenation.

Guests can take part in guided meditation sessions or consult expert therapists for guidance on how best to adopt a holistic approach to wellbeing. Beyond the resort, cultural immersion awaits — explore vibrant local markets, witness sacred Theyyam rituals or take a cycle tour through sleepy Malabar villages.

Days at Neeleshwar Hermitage unfold at an unhurried pace, whether they're spent dozing in a hammock, discovering ancient temples or mastering the art of Kerala's rich culinary traditions. For a truly unforgettable adventure, set sail on a traditional lotus houseboat for an overnight cruise, gliding through the winding, hidden waterways of Malabar in ultimate style.
